The image features a central photograph of a young woman with brown hair in a bun, wearing glasses and a bright green hoodie. She is smiling and holding a yellow notebook. A blue backpack is on her back. Surrounding her are various educational-themed icons: a brain, a calculator, a pencil holder, a stack of papers, and a laptop. Overlaid on the left is a Varsity Tutors interface showing a video call with a tutor and several math problems involving linear inequalities. On the right, there are two course cards: 'ACT & SAT Prep' and 'Algebra Study Hall', both with 'Select Class' buttons. The background is a light blue with large, abstract white and red circular shapes.

Dear Missouri Department of Elementary and Secondary Education Leaders,

We are pleased to share that Varsity Tutors for Schools platform will be made available to DESE and Missouri schools, representing nearly 900,000 students in the State of Missouri for the 2023-2024 and 2024-2025 school years at no cost. We're a Missouri company, headquartered in Clayton, MO. Ensuring that high quality online tutoring intervention is available to students in our home state is incredibly important to us and has been since our founding 16 years ago. Four years ago we worked with Governor Parson to make high quality live ACT and SAT classes available for all students in Missouri with our Test Prep 4 All™ initiative. Today we are excited to pursue to a similar initiative but on a far broader scale with the aim of positively impacting all K12 students in the State of Missouri and spanning a multitude of different product offerings made available on our Live Learning Platform.

These resources would be made available at no cost to all Missouri school districts:

- 24/7 On Demand Tutoring
- On Demand Essay Review & Coaching
- Live Enrichment Classes SAT and ACT Test Prep Classes
- Celebrity-Led StarCourses
- Self Study Resources
- College & Career Readiness Resources
- Adaptive Diagnostic Assessments
- Recorded Enrichment Classes

By providing free platform access to the Missouri Department of Elementary and Secondary Education and its school districts, we aim to ensure that every student has the opportunity to thrive academically. We also understand that budgets can be tight, and resources can be limited, and our goal is to alleviate some of the financial hurdles that may prevent students from receiving high-quality tutoring and supplemental educational resources.

At Varsity Tutors for Schools, we recognize the challenges that educational leaders face in ensuring every student receives the support they need to succeed. We understand that your diverse student population requires individualized instruction and resources tailored to each student's unique needs. Our mission since our founding more than 16 years ago has been to make high-quality tutoring accessible to all students. This is why we are excited to offer Varsity Tutors for Schools platform access to the Missouri Department of Elementary and Secondary Education, and all Missouri schools and their students, free of charge.

We welcome the opportunity to partner with Missouri school districts and their leaders in the coming years.

Sincerely,

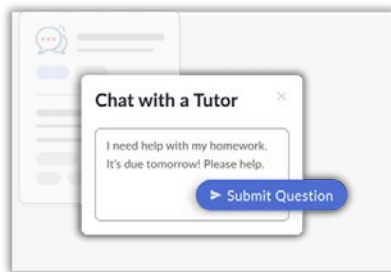

Chuck Cohn

The aspect of economic change is a transformational norm that takes place in an economic situation of a given nation and this comes because of sustenance, increase, as well as depletion of a country's economy vitality. However, during the progressive era as ascertained by Lincoln, Adams and Berlin many issues regarding social turmoil, economic change and political corruption underwent revolutionary periods.

Change of economy came by through industrialization and hence there was an influx rising of business platforms, which translated, into big and well performing business guru. Marx and engels are good example and the greatest leaders who went forward and oppose private ownership of properties with the purpose of giving workers an opportunity to control the economy. An era of progressiveness. A progressive era also perceived an aspect of breakup of trust and the government ensured that regulation was at hand for the purpose of wellbeing of public welfare. This in turn resulted into the creation of Interstate Commerce Commission, Federal Trade Commission, and the Federal Reserve System that channeled the economy of the country (Berkin & Cherry & Miller & James & Egerton, 2005).

Embedded in the School Program

Varsity Tutors for Schools integrates seamlessly with classroom tools and curriculum used across your district while delivering targeted support that aligns to your district's educational goals.

Every district has its own established best practices, curriculum tools, and academic achievement goals. Our team works closely with district administrators to understand and align with the district's strategies, allowing for seamless integration between classroom instruction and tutoring. With this approach, we ensure that the student learning experience is consistent and impactful.

With Varsity Tutors, your students will experience a fluid transition between in-classroom and live online learning, maximizing their educational growth. With standard-aligned instruction and tutors who understand your district curriculum, teachers can integrate tutoring into their existing intervention structure with ease.

Our platform integrates with popular educational tools and resources such as ClassLink and Clever, so students and teachers can easily access the platform.

Tutoring sessions can be scheduled to fit within existing classroom schedules, and tutors work collaboratively with educators, ensuring that tutoring instruction is focused on precisely what students need to learn. All sessions are recorded, and session notes are available for teachers and administrators to track student progress.

Our content-agnostic approach allows districts to leverage their own assessment data to define student learning plans and tutoring goals or leverage adaptive assessments available through the Varsity Tutors for Schools platform. Educators can also share classroom materials with tutors, including student work samples, to help tutors start exactly where the teacher left off.

With Varsity Tutors, you can trust that students will receive targeted support that is customized to your district and supports the achievement of your district's educational goals.

Committed to Evidence and Transparency

Data-Informed Decisions That Improve Educational Outcomes

Varsity Tutors for Schools understands the importance of evidence in making program decisions. Leveraging pre and post-assessment scores, student attendance, and other program statistics, we ensure you have the evidence you need to show the impact tutoring has on student learning outcomes.

We work closely with district leaders and research partners, like Learn Platform and The UCI Irvine Office of Research, to design and implement efficacy studies. With a focus on collecting concrete evidence on the quantity and quality of tutoring and its ability to enhance academic outcomes, our research-based approach ensures that we continually refine our methods and interventions and offer the most effective tutoring solutions for districts.

TUTOR MATCHING

Finding the perfect tutor.

Taking into account everything you tell us about your students, your district's assessment results, and over 100 additional attributes, we use a series of intelligent algorithms to pinpoint the perfect tutor for each student's unique learning needs.

TUTOR SELECTION PROCESS

Our rigorous vetting process sets a high bar for talent and ranks tutors against industry leading quality standards. Tutors on our platform have:

Previous Tutoring Experience

We assess each tutor's previous teaching and tutoring experience and only select tutors who know how to deliver quality instruction aligned with curriculum standards.

Academic Expertise

Tutors must pass exams in each subject they teach, demonstrating they understand the concepts and can scaffold instruction to help students reach mastery.

Proven Efficacy in Virtual Teaching

We evaluate each potential tutor's ability to teach in a virtual classroom through simulated tutoring sessions. We look for tutors who are engaging and can explain concepts clearly.

Clear Background Check Results

Our comprehensive background check process ensures that tutors are safe to work with students.

BACKGROUND CHECKS

Student safety is our priority.

We are committed to student safety and fostering a secure and trusted learning environment. All tutors on our platform undergo comprehensive background checks. Additionally, we run continuous checks to notify us of reportable changes to tutor records in real-time, ensuring tutors always meet the highest safety standards for working with students.

We check all national, federal, state & county databases

Includes Offender Registries & Global Watch List checks

Ongoing checks with real-time notifications of reportable changes
